A MESSAGE FROM THE COORDINATOR

Dear applicant,

Hello from us here at the Weatherford College Law Enforcement Academy. So, you have chosen to explore a career in law enforcement? Perhaps you have always known that you wanted to be a police officer or are just now becoming curious. Either way, please allow me the opportunity to assure you that a career in law enforcement is a fun, rewarding, and fulfilling profession.

I am Warren Egerton, the Chief Coordinator for the law enforcement academy and I thank you for your interest in our program. Our police academy focuses heavily on student success, both as a student and a police officer. We push our cadets academically, physically and emotionally to be the best version of themselves when they leave. We host two-day academies and one-night academy per year. Our day academy runs for approximately 5 months and our night academy runs for approximately 7 months. Our night academy is longer, because you would only attend at night for five hours.

Every portion of this application packet you're about to read has a purpose and is important. The Texas Commission on Law Enforcement (TCOLE) sets strict guidelines on how cadet's personnel files are to be built and maintained. Like TCOLE, I too will be strict but this is to prevent unnecessary delays with your application or licensing. Every step in this packet is crucial and would need to be completed before we will continue our consideration of you joining the academy. The steps are spelled out in pages following this letter. These steps are non-negotiable, and should be completed to the letter. Please read the instructions carefully! Once again, incomplete packets will not be considered for admission. Please feel free to contact me with any questions you might have.

Sincerely,

Warren Egerton

TEXAS COMMISSION ON LAW ENFORCEMENT

Technical Assistance Bulletin

To: All Texas Law Enforcement Agencies/Contract Training Providers/Licensees
From: Kenny Merchant/Director, Credentialing and Field Services
Regarding: **License Expansion (or adding an additional License to an existing Licensee)**
Date: June 5, 2019

For a number of years the Commission Executive Director has allowed a process called "License Expansion." In short, this refers to adding an additional Commission License to a continuously appointed and current licensee. For example- appointing a currently licensed and appointed Jailer as a new Telecommunicator, within the same agency. This policy allows the appointing agency to forego repeating all of the steps of appointment that have already occurred and would be redundant. This should prove to be a substantial cost and time savings to the appointing agency. In the above scenario, the appointing agency would not be required to again complete:

1. L2/L3
2. CCH and/or Fingerprint Submission/Return
3. F5R
4. Background Investigation/Personal History Statement

Only the new L1 or L1T Appointment Document would need to be completed. This holds true even if the original appointment at the agency did not require a new L2/3 or fingerprints. For example: a licensee who was previously appointed at another agency is appointed as a Peace Officer, with less than 180 days break in service, at your agency. Your agency completes all of the documentation necessary for a "Less Than 180 Day Separation" (according to the Law Enforcement Agency Checklist from our website). Your agency then decides to add a Jailer License. None of the 4 above documents must be completed again, for the Jailer License. This is true even if the L2/L3 that weren't completed for the current Peace Officer appointment.

There are a couple of things to pay close attention to. First, this is only allowed to add a license within the same agency- a Peace Officer at one agency may not go to another agency and be licensed as a Jailer/Telecommunicator and this policy applied. Second, employment has to be continuous- a former jailer at an agency cannot separate, then come back as a Telecommunicator and apply this policy. And, third, an academy is free to set a higher standard than is required by the Commission. This means that an academy may still require you to complete an L2/L3, even if the Commission does not.

As always, the Commission encourages agencies to do more than is required, such as getting copies of old L2/L3's if new ones are not completed, running new fingerprint checks, etc., as a way to protect the agency from liability. Do not rely on a previous agency to have done things correctly in the original appointment process- verify it yourself.

PHS INSTRUCTIONS:

In order to assist you with properly completing the Personal History Statement (PHS) I am providing additional directions that I hope you find helpful.

1. Read all directions prior to beginning the PHS.
2. For any item in the PHS that you provide information, make sure you put something for every box in that item.
3. If you do not know the information or cannot obtain the information, enter "unknown" (see Example page item 3).
4. If it is something that you/they do not have, put "NA" (see Example page item 2). For example, if you have a sibling who you are no longer in contact with and do not know their address, put "unknown" in that blank.
5. If you have a parent who is retired, put "retired" in the work address box, and then "NA" in the corresponding city, state, and zip code boxes.
6. If there is an "NA" check box in the upper left hand corner of an item, and you check that box, you do not need to complete any other boxes for that item (see Example page items 1 and 4).

Keep in mind this is a TCOLE document and can be used as an instrument for comparison at any agency you apply to in the future. After you complete the PHS remember to make a copy for your records. If you have any questions, please contact our office. Good luck with the application process and I look forward to seeing you in class!
